Objectives	1
Scope	1

Objectives

Procurement is an important process that contributes to the business operations of CK Power Public Company Limited (the “Company”) and its affiliated companies. To ensure that the operations shall be carried out in line with the sustainable development guidelines by taking into account environmental, social issues and corporate governance, the Company and its affiliated companies therefore establish the Procurement Policy to set out principles and practices in the same direction:

Scope

The Procurement Policy of the Company and its affiliated companies shall convey the material essence as follows:

1. Make procurement by taking into account quality, price, quantity, service, and rapidity in response, by giving priority to efficiency and effectiveness, together with the environmental, social, governance responsibility.
2. Make procurement with transparency, fairness and auditability, as well as complying with relevant regulations, requirements and laws.
3. Establish process and procedures of procurement which are fair and equal for all sectors.
4. Select sellers or service providers which obtain environmental quality certification, and give the first priority to the use of labor under the human rights principles.
5. Promote the green procurement and support the use of products which are from renewable and eco-friendly resources, for instance, green-label certified goods, etc.

It is hereby announced for general acknowledgment and action.

(Dr. Thanong Bidaya)

Chairman of the Board of Directors
